

Dear Preschool Director,

The Child Success Center provides early intervention of **critical foundational learning skills** that some children may not develop naturally on their own. We pride ourselves in providing state of the art services in a nurturing and caring environment that meets the individual needs of each child and family. By working closely with your teachers, we can help assist and guide in the growth and development of each child.

Through our **Speech & Language Screenings and Sensory Motor Screenings (Occupational Therapy)**, we will provide you with valuable information on each child's developmental strengths and areas of possible challenge.

We are pleased to make the following services available to you:

- Preschool Speech, Language Screenings
- Sensory Motor Screenings
- Kindergarten Readiness Screenings
- Staff In-Service regarding speech, language and sensory motor development
- Parent In-Service regarding speech, language and sensory motor development

We look forward to working with your staff and families. Please call me at (310) 899-9597 or e-mail me at Melissa.idelson@childdiscoverycenter.com for more information or to schedule a screening at your school. Until we meet, we invite you to learn more about our services by visiting our website at www.childdiscoverycenter.com.

Sincerely,

Melissa Idelson, OTR/L
